Moorooka Ward News and Events

Good afternoon

It's **National Volunteer Week** 20-26 May 2024. ‘Volunteering is time willingly given for the common good and without financial gain.’

I'd like to thank the many volunteers who live or work in the Moorooka Ward, who generously volunteer their time and energy to all our wonderful community groups! If you're keen to give volunteering a go, please visit https://www.volunteeringaustralia.org/#/ to learn more.

The **draft Nathan, Salisbury, Moorooka Neighbourhood Plan** and the **proposed Qualified state interest amendment - Local heritage (Moorooka War Workers Housing Estate)** are now open for community feedback. Submissions close 11:59pm, Sunday 16 June 2024. Please see the article below for further information.

Please don't hesitate to contact my office via moorooka.ward@bcc.qld.gov.au or on 3403 1730 if you have any local government concerns or have an event you would like promoted.

Regards,

Steve Griffiths.

HAVE YOUR FINAL SAY

NATHAN, SALISBURY, MOOROOKA residents.

You can now have your FINAL say on the Draft Nathan, Salisbury, Moorooka Neighbourhood Plan and the Proposed Qualified state interest amendment - Local heritage (Moorooka War Workers Housing Estate).

Please lodge your submission by 11:59pm Sunday 16 June 2024.

To learn more about the Draft Nathan Salisbury Moorooka Neighbourhood Plan visit:

https://www.brisbane.qld.gov.au/planning-and-building/planni...

To learn more about the Proposed Qualified state interest amendment - Local heritage (Moorooka War Workers Housing Estate) visit:

Council News and Events

ANZAC Day 2024

I had the pleasure of attending the Salisbury RSL Sub-Branch ANZAC day morning service Thursday 25 April. It was wonderful to see so many of the community and local schools in attendance. Thank you to everyone who came to honour and remember our veterans. I'd also like to thank the Moorooka Lions for providing the breakfast after the service.

Salisbury Bowls Club Inc Grant Funding Success

I'm appreciative of the comments from Salisbury Bowls Club regarding their successful grant application. With the help of my letters of support, they were able to gain;

- Active Sports Grants for the continued upgrade of Sports Equipment for Juniors, Ladies and the Wider Community.
- Sustainability Grant - to Replace all internal lighting in the Clubhouse with LED Lighting.
- Waste Trap Grant - to install a Water Waste Trap to ensure reduction of waste in our waste water from the Kitchen.

- Australia Day Grant - to operate Australia Day Festivities that encompass the entire Local community.
- Active Sports Grants - for the continued upgrade of Sports Equipment for Juniors, Ladies and the Wider Community.
- Disabled Access Grant - to ensure those with mobility issues can be accommodated at our Club.
- Volunteer Grants - to ensure that our volunteers receive the necessary equipment and support required to fulfil their duties.
- Artificial Turf Grant - recently received grant to install artificial grass alongside bowls Greens reducing trip hazards and cross contamination of Greens.

I'm proud to support the Salisbury Bowls Club in securing these grants.

Play Matters Toy Library & Therapy Centre

I'm proud to support the Play Matters Toy Library & Therapy Centre in Moorooka with funds through the Lord Mayor's Community Fund for their CanPlay Project: A supported playgroup for families living with childhood cancer.

This playgroup supports local children and their families with the opportunity to socialise with others who have been through or are going through childhood cancer or who have a disability. I would encourage interested families to visit:

https://www.facebook.com/playmatterslibrary to find out more about their playgroup schedule and educational toy library.

Night road resurfacing works

Beaudesert Road, from Tramore Street to Salisbury Street – Rocklea (northbound lanes only)

WHAT WORKS ARE COMING UP?

Brisbane City Council will be profiling and resurfacing the road at the above location.

WHEN WILL THIS WORK TAKE PLACE?

Start	29 April 2024
Finish	23 May 2024
Time	7pm to 5am, Monday to Thursday nights only

Works are subject to suitable weather and construction conditions.

WHAT DOES THIS WORK INCLUDE?

We have included a factsheet over the page with more information about how we resurface a road.

WHAT DOES THIS MEAN FOR ME?

If you live in or are travelling through the area, you may experience:

- noise, dust and vibration from construction machinery
- strong odour during the potholing and asphalt laying process
- changed traffic conditions, including minor traffic delays, no standing for traffic in the work zone, reduced speed limits, lane closures and detours
- controlled access to driveways, with up to 15-minute wait periods
- increased street lighting and service of equipment up to an hour either side of start/finish times.

Traffic controllers will be on site to assist you accessing local properties. To meet workplace health and safety requirements, reversing beepers must be switched on.

WHY IS THIS WORK HAPPENING?

Our road resurfacing program will help make suburban streets smoother, safer and more enjoyable to use every day.

By investing in our roads across every Council ward, we're ensuring our city's transport network continues to deliver a high-quality experience for users.

We thank you for your patience and cooperation while we undertake this work.

VEHICLE RELOCATION

Please assist us by **not parking** your vehicle **on the road** within the work zone during this time.

Vehicles that are parked on the road when works are occurring will be relocated nearby, as per section 36 of the *Public Land and Council Assets Local Law 2014.*

If your vehicle is relocated, please call us on 3403 8888.

CONTACT US

To find out more about these works, please phone:

Council's Contact Centre on 3403 8888

Works Supervisor Danny Scouller on 0435 569 417 (nights only) or Peter Elder on 0418 180 915 (nights only)

Visit brisbane.qld.gov.au and search **'Road resurfacing'**

CONTACT US

To provide feedback about the works, please scan the QR code and complete the online form or visit brisbane.qld.gov.au and search 'resident feedback'.

Works Notice

Dedicated to a better Brisbane

May 2024

Kessels Road and Orange Grove Road, Salisbury

We will be undertaking survey and investigation works at the intersection of Kessels Road and Orange Grove Road in Salisbury, to help inform a potential future upgrade in the area.

These survey works will be undertaken **intermittently across two weeks from Monday 20 May 2024,** weather and site conditions permitting**. Works will take place at night between 7pm and 5am** (between Sunday and Thursday only). In the event of bad weather, works will be scheduled on the next available night.

These works are required to be undertaken at night when traffic volumes are lowest to ensure the safety of workers and road users and to minimise traffic disruption. Lane closures will be required. Please follow the direction of traffic control.

If you live in or are travelling through the area, you may see surveyors, notice increased noise and lighting and experience minor delays. Noisy works such as road/saw cutting and drilling holes will be carried out prior to 11pm at night, where possible. Council will make every effort to minimise disruption to the local community.

If you have any questions about these works, please contact the project team on 1800 884 681 (during business hours) or email cityprojects@brisbane.qld.gov.au. After hours, please call Council's 24-hour Contact Centre on 3403 8888.

Drainage restoration works

Start of construction – Rocky Waterholes Creek at Kellett Road, Salisbury

What works are coming up?

We will be repairing some cracked concrete and erosion around the bridge over Rocky Waterholes Creek at Kellett Road, Salisbury.

When will this work take place?

Start	Mid-May 2024
Finish	Up to one month, weather and site conditions permitting
Time and day	7am-5pm, Monday to Friday

What does this work include?

Our restoration works will include:

- repairing some minor cracking on the shotcrete wall (a layer of spray on concrete) near the bridge
- installing rock protection to minimise future erosion.

Where are the works happening?

The works will be undertaken in around the bridge over Rocky Waterholes Creek at Kellett Road, Salisbury.

Why is this work happening?

Council has a vast network of drainage assets to manage across the city. Council is responsible for monitoring and ensuring direct storm and wastewater flows safely and efficiently throughout this network.

This work is part of our commitment to ensuring our city's services and infrastructure are protected against future weather events and meet the needs of the community, now and into the future.

What does this mean for me?

If you live in or are travelling through the area, you may notice:

- some construction noise, dust, and vehicle movements through the local area
- temporary fencing and signage in place around the work site
- a construction site compound with traffic controllers and signage in place to provide safe entry to and from site.

We value your patience and cooperation while we complete these important works.

Urban Utilities - temporary water outage

I've been advised by Urban Utilities that Coopers Plains properties in the map below may see intermittent changes to their water pressure and supply between 9pm Sunday 26 May to 5am Monday 27 May.

These works are part of their ongoing project to upgrade the network along Musgrave Road, with crews constructing a new water main. Works are due for completion by mid July (weather and site conditions permitting).

Please direct all enquiries to 1300 992 605.

UrbanUtilities

TEMPORARY WATER OUTAGE

Urban Utilities' Delivery Partner, Downer WSP is upgrading the water pipes in your area to make sure you can continue to enjoy clean, safe, reliable water for the lifestyle you love.

Unfortunately, this means you won't have water for a short while during the times below. You may also notice some noise, dust and traffic changes.

If things don't go as planned because of weather, site conditions or other factors, we'll aim to do the work the next day.

Start ..... 9:00pm Sunday 26 May 2024

Finish ..... 5:00am Monday 27 May 2024

Permit & shut plan no. NAP92237 SP72218

Contractor name & phone .....

Works Notice

May 2024

Construction update Salisbury station

During May 2024, UNITY Alliance will continue early works as part of the Cross River Rail, Salisbury station accessibility upgrade.

Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Saturday during May 2024, weather and construction conditions permitting:

- Earthworks including gravel installation for early works on Dollis Street
- Constructing a stable surface for piling to commence within the rail corridor including excavation and concreting
- Piling works for the platform 3 overpass foundations, and gantry crane in the rail corridor
- Installation of services for platform 3
- Drainage installation works including excavation, steel fixing and concreting
- Service identification using vacuum trucks, and excavation for service installation.

Out of hours work

The following activities will occur outside the project's normal working hours, as outlined below:

Location	Date and hours of work	Type of work
Salisbury station and rail corridor	Intermittently between 6:30pm and 6:30am during May 2024	• Location of inground services including the use of vacuum trucks • Installation of safety barriers within the rail corridor using power tools including hammer drills • Delivery of materials to the rail corridor via Dollis Street, Fairlie Terrace and Lillian Avenue • Earthworks and drainage installation including steel fixing and concreting.
	Between 12:00am Saturday 25 May and 1:00am Monday 27 May 2024	• Earthworks including the use of excavators and vacuum trucks for new station platform early works • Excavation for drainage installation • Service identification and relocation works • Signalling work including the installation of overhead electrical line masts and foundations • Cable service relocation including trenching and installation • Piling for new overhead structures • Precast concrete panel installation and concrete works.

What to expect

During these works you may notice some intermittent disruptions such as:

- A single lane closure on Olivia Avenue, Fairlie Terrace and Dollis Street to access the rail corridor (please see map overleaf). Traffic control and signage will be in place to direct motorists, pedestrians and cyclists around work areas
- Parking on the eastern side of Dollis Street is no longer available until completion of the Salisbury station upgrade
- Light vehicles, trucks and machinery including excavators with jackhammer and rock breaker, bobcat, vacuum trucks, soil sampling drill rig, concrete trucks, concrete pump trucks, small power tools, drills, saws, minor vibrating equipment and mobile lighting towers to light work areas at night.
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Increased levels of noise, vibration and dust associated with the use of heavy machinery and equipment.

May 2024

Construction update Yeerongpilly station

During May 2024, installation of services, station platform and building construction, structural steel installation, drainage installation, signalling works, and construction of the Wilkie Street station entry will continue at Yeerongpilly station.

Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Saturday during May 2024, weather and construction conditions permitting:

- Continue removal of material including the use of rock breakers and jackhammers, and general earthworks
- Identification and disconnection of services, installation of new station services, cable service relocation works within the rail corridor and installation of drainage
- Platform and station building construction including earthworks, concrete pours and installation of structural steel
- Continue Wilkie Street station entry works including installation of in-ground services (e.g., electrical), and station entry canopy footings. **The Wilkie Street lift will remain closed during this work**. Pedestrian access will remain open across the overpass with stair access only during this period. The Cardross Street overpass is the nearest crossing over the rail corridor that does not involve stairs.

Out of hours work

The following activities will occur outside the project's normal working hours, weather and construction conditions permitting as outlined below:

Location	Date and hours of work	Type of work
Yeerongpilly station	Intermittently between 6:30pm and 6:30am during May 2024	• Delivery of rail and materials to the rail corridor • In-ground services (e.g., electrical), cable service route and drainage installation works including excavation using excavators and vacuum trucks • Formwork, steel fixing and pumping concrete into the rail corridor for station platform construction.
	Between 12:00am Saturday 25 May and 1:00am Monday 27 May 2024	• Cable service route works including excavation, concreting, drainage and installation of under track crossings for services (e.g., water, electrical) • Installation of overhead electrical wire foundations and masts • Installation of structural steel and pre-cast concrete platform retaining walls • Drainage installation works including excavation • Service location and relocation works • Formwork, steel fixing and pumping concrete into the rail corridor for station platform construction.

If you would like to speak with a member of the UNITY Alliance Project Team about these planned works, please contact 1800 010 875 or email info@unityalliance.com.au anytime for more personalised consultation.

We appreciate your patience during construction and will continue to update you as work progresses.

What to expect

During these works you may notice some disruptions such as:

- Traffic and parking changes on Wilkie Street between Cardross Street and Station Road. Access will be maintained to properties located within the road closure extents under traffic control guidance
- Light vehicles, trucks and machinery including excavators with rock breakers and jackhammers, mobile cranes, trucks, vacuum trucks, concrete trucks, pump trucks, loaders, concrete saws, power tools, generators, and mobile lighting towers to light work areas at night
- Changes around your local area such as construction vehicles, heavy equipment, traffic management signs and personnel
- Noise, vibration and dust associated with the use of heavy machinery and equipment.

Works Notice

May 2024

Rocklea station construction

During May 2024, UNITY Alliance will continue service relocations, overpass and station building fit out, drainage installation, platform and commuter carpark construction at Rocklea station.

Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Saturday during May 2024, weather and construction conditions permitting:

- Continue construction of the commuter carpark and station entry including concreting and landscaping
- Continue fit out of the new pedestrian overpass and lifts including electrical, lighting and flooring
- Continue fit out of station buildings, character waiting shelter (see image over page) and platforms including installation of services (e.g., water, electrical).

Out of hours work

The following activities will occur outside the project's normal working hours, as outlined below:

Location	Date and hours of work	Type of work
Rocklea station and rail corridor	Intermittently between 6:30pm and 6:30am during May 2024	• Delivering materials and equipment onto station platforms and removal of materials from site • Station platform and building concrete pours, including dewatering using vacuum trucks when required • Station canopy construction including welding and grinding.
	Between 12:00am Saturday 25 May and 1:00am Monday 27 May 2024	• Installation of structural steel for station buildings and canopies • Installation of overhead electrical wire foundations and masts • Platform construction including installation of coping edge (tiles) and tactiles, buildings fit out and installation of services (e.g., water, electrical).

What to expect

During these works you may notice some intermittent disruptions such as:

- Trucks and machinery including loaders, excavators with jackhammers and rock breakers (when required), vacuum trucks, concrete trucks, pump trucks, mobile cranes, saws, small power tools, minor vibrating equipment, and mobile lighting towers to light work areas at night
- Changes around your local areas such as construction vehicles, traffic management signs and personnel
- Increased noise, vibration and dust associated with the use of heavy machinery and equipment.

We appreciate your patience during construction and will continue to update you as work progresses.

Old Queensland Rail shelter – Rebuild update

In April 2024, a replica shelter was rebuilt using salvaged materials from the original shelter and reinstated back at Rocklea station near platform 1.

The replica was rebuilt by participants as part of a Constructionarium Australia program which provides young professionals with an opportunity to gain hands-on experience working on a real construction project.

See overleaf for an image of the replica shelter at Rocklea station. Now situated at the station, final finishing works will be undertaken to complete the rebuild process.

Work areas and construction access points at Rocklea station

The Rocklea station shelter (centre) was rebuilt and reinstated at the station during April.
